Application No. 10/758,325  
Amendment dated July 26, 2007  
Reply to Office Action of June 28, 2007

**- REMARKS/ARGUMENTS -**

Claims 1 to 26, 29, 30 and 32 to 39 remain in the application.

The claims were objected to under 35 U.S.C. 121 as being directed to two different inventions.

Claims 1 to 26, 29, 30 and 32 to 39 have been elected for prosecution on the merit. The election is made without traverse. Claims 27, 28 and 31 have been cancelled. Applicants reserve the right to file a Divisional Application for the non-elected claims.

Paragraph [0001] of the specification has been amended to correctly set forth that the present application claims priority on the previously regularly filed Provisional Applications.

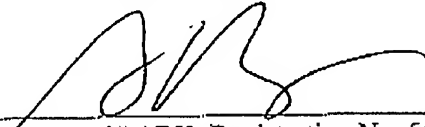

The application is believed in condition for allowance and an early action to that effect would be much appreciated.

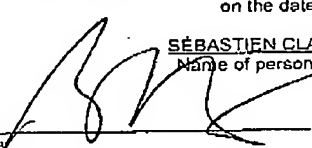

Respectfully submitted,

Jean-Pascal VIOLA et al.
